Coaches please carefully read everything listed below and let me know if you have any questions or concerns.

General Information

1. We will have an athletic training area set up near the track. For all of your athletic training needs, please go to this tent area. Do not use the inside athletic training room unless instructed by one of our athletic trainers.
2. Only those athletes competing in an event on the track or in a field event will be allowed on the infield and track area. Please instruct your athlete's to stay off of the infield and track apron areas. No spectators will be allowed on the infield.
3. We will have multiple team camp areas available to your athletes. Please use one of the following areas: Stadium Grandstands, McDonough Center Sunken Lounge, McDonough Center Auxiliary Gym, McDonough Center Locker Rooms.
4. We will have a concession stand available for athletes, coaches, and spectators.
- 5.

Field Events

We will be on a very tight time schedule with all of the field events. However, we are going to try and give everyone the best possible chance to compete and achieve the marks that they desire. We have instituted a few changes for this year to ensure an efficient and smooth meet.

1. We will have minimum marks in the follow events: M & W Javelin, M & W Hammer, M & W Discus, M & W Shot Put, M & W Long Jump.
2. We will mark every athlete's first legal mark.
3. Minimum Marks are as follows: M Javelin: 38.00m W Javelin: 24.00m M Hammer: 32.00m W Hammer:32.00m
M Discus: 34.00m W Discus: 30.00m M Shot Put: 11.00m W Shot Put: 9.00m
M Long Jump: 5.60m W Long Jump: 4.40m
4. Opening heights in the vertical jumps are as follows: W High Jump:1.40m M High Jump:1.75m (5cm Progression)
W Pole Vault: 2.60m M Pole Vault: 3.35m (15cm Progression)
5. We will give a general warm up period prior to each event of 15 to 20 minutes and then flight specific warm ups of 10 minutes maximum. Please remind your athletes that it is their responsibility to pay attention to the flight order and warm up periods.
6. If we can get ahead in the field events, we will. Please advise your athletes to pay close attention to the schedule. We will not make regular calls for events. We will only make a single call to remind athlete's to report and if we get ahead or behind in the meet schedule.
7. If you have any scratches in the field events please send them to me a.s.a.p. Also if you are going to be here on Friday for the Combined events and you want to weigh in all of your implements, I would be more than happy to accommodate you. If we can get some of the implements out of the way on Friday that would be a big help in cutting down the amount of implements to be checked on Saturday.
8. Lastly, due to the size of the fields, we will take the top 9 collegiate athletes to the finals. No Unattached athletes will qualify for the finals.

Running Events

1. We will run the meet as closely to the time schedule as we can. We will try and move ahead in the schedule if possible but by no more than 15 minutes.
2. As in the field events, we will not make check in calls for the events. It is your athlete's responsibility to check in for their event, no later than 30 minutes prior to the start of the event. If you do not check in, you will be scratched. We will keep everyone informed if we get ahead or behind in the schedule. The clerks table will be located right next to the press box.
3. All non-laned running events will receive a hip and chest number from the clerk's table, which is to be placed on their right hip and chest.

4. All running events will be run fastest heat to slowest. Every effort will be made with regard to the heat sizes and maximizing your athlete's performance.
5. Since some of the distance fields are very large, we ask that you help keep track of your athlete's laps in the 3,000m and 5,000m events. These events will finish in lane 3.
6. We will not seed the 200m until during the meet. Your athletes must declare for the 200m by 2:30pm at the latest. They will receive their heat and lane assignments when they come back for check in at the normal event check in time.
