

# Airport Shuttles

The Office of Student Life will be providing shuttles to the Pittsburgh International Airport for major University breaks. Please keep the following schedules in mind when you are planning your travel arrangements.

To sign up for the shuttles, please complete the form found at [tinyurl.com/wjuairportshuttles](http://tinyurl.com/wjuairportshuttles)

Please note that the form will be reset before each trip. So make sure that the break period is listed at the top of the form correctly.

The fee for the airport shuttles is \$10 each way so \$20 per round trip. Payment must be paid in advance of taking the shuttle. In addition, failure to notify the driver of any delays – if you get another ride back to the airport and the van departs campus before they are notified. There is a \$50 fine assessed to anyone who signs up for a shuttle and doesn't contact the driver with the information.

Times below are when the shuttle leaves Wheeling Jesuit University for departing flights and the Pittsburgh International Airport for arriving flights.
