The Chemistry Field

The chemistry program is an outstanding one for entry into medical or pharmacy schools. It provides the student the opportunity to gain insight about the principles of chemistry. Most students go on to graduate school in medicine or some other scientific field.

Sample Job Titles

Laboratory Technician	Magnetochemist
Flavor Analyst	Fiber Analyst
Pharmacologist	Nutritionist
Research Chemist	Chemistry Teacher/Professor
Biochemist	Industrial Health Engineer
Geochemist	Pollution Control Chemist
Soil and Water Analyst	Chemical Plant Supervisor
Safety Engineer	Instrumentation Specialist

Jobs our alumni have obtained with this major right after graduation . . .

Health Inspector-Belmont County Health Dept.

Graduate programs our alumni have pursued with this major . . .

University Of Pittsburgh-Physical Therapy (DPT)
Northwestern University-Inorganic Chemistry
Clemson University-Chemistry
West Virginia University Medical School-Medicine (MD)
Colorado School of Mines-Chemical Engineering (DPT)

Here's what you can do now to find out more about this major:

1. Talk to the professors in the Chemistry Department at Wheeling Jesuit University.
2. Stop by the WJU Career Center for individual career counseling and help in choosing a major or finding a job.
3. Register with the College Central Network (www.collegecentral.com/wju) to find out what jobs are being posted for this major.
4. Connect with WJU alumni who have graduated with this major. You can do this through the Mentoring Network section of College Central. You must register first to properly access our alumni database. Our password is "JesuitLinks".
5. Become involved in the student organizations for this major.
6. Use our "Web Resources" for this major. You can find these resources by going to www.wju.edu/studentlife/careercenter/links.asp.
