The University believes that off-campus living provides a balance of challenge and support for our graduate students. Steenrod allows our residents to learn about themselves and others and to take responsibility for themselves and their development.

The role of The Office of Residence Life is to contribute to the development of Steenrod residents in a diverse and positive living environment. The interaction between individual students and the community in which they live is a dynamic one. The individual attitudes and actions of students have an impact on the individual and the community. Housing & Residence Life seeks to keep these elements in balance.

In keeping this balance, the mission supports the nondiscrimination policy of the University. The Office of Residence Life does not discriminate on the basis of age, race, creed, national origin, or physical disabilities in the consideration of housing selection and assignment.

Responsible student behavior is at the heart of the Wheeling Jesuit University’s Housing and Residence Life program. Residents are expected to respect the property, rights, and sensibilities of all residents. The policies and procedures listed are meant to help insure responsible behavior and respect for fellow students and property.

In addition to reviewing this publication, students who reside in Steenrod should refer to the housing contract for detailed information on the agreement to live in Steenrod. Questions regarding the contract should be directed to The Office of Housing and Residence Life.

While the Steenrod Policies attempt to include information on most of these regulation and policies, residents of Steenrod Hall need to review the Student Handbook. It is available on-line at: http://www.wju.edu/studentlife/pdf/StudentHandbook.pdf.

The following alphabetical listing identifies some of the most common issues and policies regarding Steenrod:

**ALCOHOL:** In accordance with the University’s general alcohol policy, alcohol is permitted only in private students apartments where at least one student of legal drinking age (21 years or older) resides. Students who are of age may not bring alcohol into an apartment where an under age person resides. Under age persons residing or visiting in such apartments are prohibited from consuming or possessing alcohol. Alcohol use is not permitted in any public area (including hallways or outdoors).

Wheeling Jesuit University is committed to creating and fostering an academic and social environment that fosters growth among its members. The abuse of alcohol threatens the educational and social mission of the University. As a result the following are violations of the Steenrod Policy.

Wheeling Jesuit University personnel will cite all students in violations of the following:

- Alcohol use in a public area.
- Alcohol use by an underage person.
- Alcohol served to an underage person.
- Alcohol abuse by any person.
- Any inappropriate behavior associated with alcohol use (noise, vandalism, etc.)
APARTMENT ASSIGNMENTS/SELECTION: Apartment assignments are coordinated by the Director of Residence Life and Student Conduct. Every attempt is made to accommodate each student’s request, but specific requests typically may not be guaranteed. All residents should expect to be assigned a roommate if he/she does not have one.

APARTMENT CHECK-IN FORM: On the first day of occupancy, each resident will receive a Check-In/Out Form, completed and signed by the student and the Director of Residence Life and Student Conduct. (After vacating the apartment, the form will be reviewed. Any damages or missing furniture or fixtures will be charged to the occupant(s)). The process is complete when the Office of Residence Life has made a final inspection of the apartment.

APARTMENT DECORATIONS: Nails, thumbtacks, tape of any kind, stickers, decals, or any other devices which DAMAGE paint or wood surfaces are not permitted. Posters and other decorations may be hung on the walls, as long as damage to the surface does not result. Any partition or hanging materials deemed a fire hazard are strictly prohibited.

APARTMENT/APARTMENT DEPOSITS: Each resident must deposit $200 as an apartment reservation fee. If any damage is done to the apartment during the duration of your stay the cost of the replacement or repair will be assessed proportionately among all residents in that apartment floor, or in the building. These charges will be billed to your student account, failure to pay these charges will result in having your housing assignment revoked, or having your transcripts and/or your diploma held until your account is paid in full.

APARTMENT ENTRY AND SEARCH: Wheeling Jesuit University seeks to allow students privacy within their residence hall apartments. However, when University personnel have reasonable cause to believe that an apartment is being used for an illegal purpose, or in violation of University rules and regulations, student apartments and personal belongings may be searched by University officials. The University also reserves the right to enter student apartments for maintenance and housekeeping inspection.

APARTMENT/ROOMMATE CHANGES: Roommate changes are not automatic. If students find that they have been assigned an incompatible roommate, a discussion with The Office of Residence Life is required. The option to relocate may be offered if and when a space is available. Students who are granted the option to move are given a list of other residents with whom they may choose to live.

BICYCLES: Residents must store bikes in their own apartments. Fire regulations prohibit bicycles from being kept in hallways or stairwells.

BOARD (meals): Information on meal plan options is available from The Housing & Residence Life Office. Board plans can only be changed during the first two weeks of each semester. Undergraduate students must be on a meal plan with the University.

CABLE SERVICES: Cable Services are provided as a part of the Housing Contract.

CANDLES/INCENSE: City fire regulations prohibit the burning of candles and incense in the Steenrod residence hall.

CARE OF APARTMENTS: Students are responsible for the cleanliness and care of their apartments. Each student will be accountable for any deterioration of the apartment, or its contents, beyond normal wear and tear. Charges will be assessed for such damages (see DAMAGES).

DAMAGES: INDIVIDUAL /CORPORATE: Students are financially responsible for their individual apartments and for the common areas of the residence halls. Students will be billed (assessed charges) for damages and deterioration beyond normal wear and tear. Each resident must deposit $200 as a reservation fee. Damages will be billed to the resident’s account when damage occurs in a private apartment or in a common area when the individual responsible cannot be determined. The cost of replacement or repair will be assessed proportionately among residents.
FIRE REGULATIONS: Wheeling Jesuit University takes seriously its commitment to prevent fires and the misuse or abuse of fire protection equipment. Students are expected to maintain a responsibility to their floors and living units. Residents should be familiar with their residential unit and aware of the nearest exit and alternative exits.

Alarm procedures: When a fire alarm sounds, please observe the following procedures:

- Close windows, turn off lights and electrical equipment, and close door(s) if time allows.
- DO NOT use elevator during an alarm.
- Walk; do not run, to the nearest exit. If the closes exit is blocked by fire or smoke, find an alternative exit. If smoke is in your exit path get down and as low as possible (crawl).
- After exiting, get well away from the building and follow instructions from the residence staff, security officers, and/or fire department officials.
- DO NOT re-enter the building unless permitted to do so by authorized fire officials.

Tampering with fire prevention equipment is expressly forbidden. If such actions cannot be attributed to an individual(s), those living on that floor will each be charged a $50.00 fine and the cost of repairs and/or replacement of the equipment. Deliberate false alarms, which cannot be attributed to a particular individual(s), will result in a fine of up to $50.00 to each resident of that floor and the cost of repairs and replacement of the equipment. Failure to exit from a building during an alarm (whether false or otherwise) will result in disciplinary action. If a student does not exit during an alarm he/she will be fined $50.

FURNITURE, PERSONAL: Residents may bring furniture such as chairs, bookcases, etc. Waterbeds are not permitted. The Director of Housing and Residence Life may prohibit any personal furnishings considered too large or potentially dangerous (fire hazard, etc.) for the residence hall apartment.

FURNITURE, UNIVERSITY: Students are not permitted to remove furniture, furnishings or other equipment from any University facility. Students are not to switch furniture from one residence hall apartment to another. Built-in furniture (fixed location) may not be altered or moved from its location within an apartment.

GUESTS: Students are limited to have three guests at any time and accept responsibility for the actions of his/her guests, including financial liability should damage occur and for any violation of University regulations. A student may also be subject to judicial action for misconduct by his/her guest. In addition, the maximum length of stay for a guest is 5 nights.

ILlicit DRUGS: Wheeling Jesuit University will not tolerate possession, use, sale, or distribution of illegal drugs. Students who participate in these illegal activities are subject to severe disciplinary action, including dismissal from the University and potential loss of some federal financial aid, if a recipient of such aid. Students involved in such activities are also subject to local, state, and federal sanctions.

KEYS: Keys to Steenrod are the property of Wheeling Jesuit University. You may neither lend, nor reproduce, keys under any circumstances. Report lost keys immediately to The Office of Residence Life. A lost key will require replacement of the key, changing the core and changing the cylinder for the locks involved. The student will be charged for these replacements. In addition, the student will be fined $100.00 for a lost residence apartment key or a lost key to any other University facility. Failure to return keys when a student leaves the residence hall will result in the same fines and replacement costs. Use of any University keys to enter unauthorized areas is a violation of University policy.

LAUNDRY: Washers and dryers are located in Steenrod, and residents’ laundry charges are included in housing costs. Students are responsible for their own laundry, including bed linens and towels. Mechanical failure of laundry equipment should be reported to the Resident Director, or to The Office of Residence Life, as soon as possible.

PETS: State health and safety regulations prohibit all pets in Steenrod, except aquarium fish.
REPAIRS: All requests for repairs should be given to The Office of Residence Life or unless the repair is an emergency. The Office of Residence Life will complete a maintenance request from and will notify Physical Plant. In an emergency, contact the office of Security (243-2486).

SINGLE APARTMENT POLICY: Most apartments are designed for two people. Such arrangements have proven to be convenient and help create a residential living experience desired by the University. Students interested in obtaining a single apartment must complete a “Single Apartment Request”, obtained in The Office of Residence Life. Single apartments will only be provided if space is available. Students must also agree to pay the single apartment rate. The Office of Residence Life does not guarantee to any student a single apartment. However, when space is available, and the student signs a contract to pay a single apartment fee, then single apartments may be made available.

SMOKING: Smoking and use of tobacco products are not permitted in Steenrod residence hall; this includes the hallway and public areas. Smokers must dispose of their smoking refuse appropriately, at the entrance of the building.

STUDENT TELEPHONE SERVICE: Local telephone services are provided as a part of the Housing Contract.

THEFT: Report any theft immediately to the office of Campus Safety and Security. Student Development will also be notified. The University does not assume responsibility for personal property kept at the University.

The following suggestions are made to all residents:

- Keep apartment doors and windows locked whenever the apartment is left unoccupied, even for short periods of time.
- Clearly mark all personal items with your social security number or other personal identification. The Campus Safety and Security Department has the equipment to provide this service and will be glad to assist students.
- Record serial numbers/make of stereo, typewriters, etc. (Security can also keep such records.)

VISITATION: All visitation policies are governed by these principles:

- All occupants of the residence hall must respect proper conditions for privacy, study, and relaxation.
- The varied needs of individuals for sufficient quiet and sleep are to be honored.

NOTE: In addition to these policies, all resident students and resident employees are subject to the Student Code of Conduct, and Faculty/Administration/Student Handbook
